# Metal Shelving

## Description

Global provides a heavy duty solution for storing office supplies. Metal shelving units are available in three different sizes and with six durable shelves. Each shelf will hold up to a maximum of 300 lbs., evenly distributed, making this shelving unit extremely durable. Shelving units can be fastened to a wall and/or ganged together, beside one another, providing shelving for a small area or large area. Assembly is quick and easy. All you need is a standard screwdriver. Metal shelving available in Charcoal only.

Global's Metal Shelving offers several key upgrades compared to similar competing products. Our shelves are made from 20 gauge steel, which allows each shelf to handle loads of up to 450 lbs. Attention to details such as no sharp corners and rounded edges prevent cuts and clothing snags, while floor glides protect the existing floor surface. All our metal shelving units are shipped with self locking nuts to ensure a tight fit the first time.
